

HELEC Interrail GmbH

Distribution und Produktion

Elektrotechnische Ausrüstungen und Komponenten für Industrie, Bahnen, Bahninfrastruktur und Schifffahrt

Devices and components for industrial applications

- Switching devices
- Contactors
- Coupling relays
- Auxiliary contactors
- Relays (Time relays, Monitoring relays, Overload relays, coupling relays etc.)
- Accessories and Spare parts for Contactors, Auxiliary contactors etc.
- Fuses and fuse links
- Soft starters
- Direct-on-line starters
- Reversing starters
- Motor starters
- Interface and electronic modules
- Electric motors
- Motor management and control devices
- Logic modules
- Safety switch gears
- Control and signalling devices (Pushbutton actuators, indicator lights etc.)
- Transformers
- Electrical installation technologies
- Automation and power distribution
- Connecting materials (Flexible current leads, cable lugs etc.)
- Condensers
- Resolvers
- Encoders
- Speed monitoring devices
- Transducers
- Spare parts for all devices mentioned in this list (if available).

This list only shows a selection of products we are able to offer. You did not find what you are looking for?
